

**SOUTH MIDDLETON SCHOOL DISTRICT**  
**SCHOOL BOARD COMMITTEE MEETING MINUTES**

Technology Committee

12/14/2022

**The Technology Committee meeting was Called to Order at 6:00pm**

**In attendance were** Eric Berry (committee chair), Brad Group (board president), Shannon Synder (board), Brandon Hall (board), and Brian Ronan (admin rep)

**Old Business** – Committee discussed the viewership numbers of livestreaming committee meetings and whether or not that warrants continuing the livestream.

**New Business-** Committee discussed the 2023-2024 Budget. Mr Ronan presented an in depth breakdown of budget items based on level of necessity, and some items for “consideration” to the committee to review and receive their input. Such consideration items included upgrades to the Board Room streaming infrastructure. This particular item the committee did not feel was warranted at this time.

A cybersecurity initiative was discussed that would include several districts working as a consortium to protect against cybercrime. It would require an expense now for protections that would not take place for some time. Being aware of budget constraints, the committee believes that it may be more effective to wait until there is more progress and that we could focus our efforts within our districts.

**Future Agenda Planning-** None at this time.

**Next Meeting** - Wednesday, March 29, 2023

**Meeting was adjourned at** - 7:30
